

## BOARD OF HEALTH MEETS.

All Government Physicians Except One Ask for Reappointment.

## SUPERINTENDENT OF THE ASYLUM.

The Committee on Quarantine Makes Some Suggestions Which Will Improve the Facility of the Fumigation of Cargoes—Kaimiloa May be Used.

The Board of Health met Wednesday afternoon, with President Smith in the chair. There were present Messrs. Ena, Lansing and Waterhouse, and Doctors Day, Wood and Howard.

The Committee on Quarantine, Dr. Day and J. J. Waterhouse, Jr., reported as follows:

To Hon. W. O. Smith, President of Board of Health.

Your Committee on Quarantine and Contagious Diseases, recognizing the inadequacy of the present equipment at the quarantine station to properly disinfect vessels coming from infected ports or with contagious diseases on board, recommend that the Government be requested to take steps to erect an efficient disinfecting plant.

The method at present employed consists in placing eight or ten galvanized iron buckets, each charged with several pounds of brimstone, on the floor of one of the buildings in which the passengers' effects are hung. The brimstone is ignited, the doors closed and the process allowed to take care of itself for six or eight hours, when the doors are opened, men rush in and drag the smouldering buckets out of the building. The effects are then supposed to be clean.

The objections to this method are:

1. Sulphur dioxide is not as efficient as heat for purposes of disinfection.

2. The danger of fire. If a single garment should happen to fall into one of the buckets the whole building and its contents would be destroyed.

3. The relatively small percentage of sulphur dioxide thus obtained.

4. The risk to the individuals from inhaling the irritating sulphur fumes.

5. There is no provision made for the disinfection of vessels and cargoes.

Under the present arrangement the community has very little real protection against invasion from such deadly diseases as small pox, cholera, plague, yellow fever, etc.

What is needed to place the quarantine station on a scientific basis is a hot-air chamber and accessories for disinfecting clothing and dunnage, a sulphur furnace and accessories for fumigating the holds and other inclosed spaces of vessels and the cargoes, and a corrosive sublimate tank for flushing decks, bilges, closets, etc. In short, such a plant as described in the plans and specifications submitted to the Board of Health by the Kensington Iron Works of Philadelphia, with such modifications and alterations as are necessary to adapt them to the conditions present at the quarantine station.

(Signed) F. R. DAY, M.D.,  
J. T. WATERHOUSE, JR.  
Honolulu, August 22, 1894.

President Smith presented a report from A. W. Keech in the matter of utilizing the old Kaimiloa as a disinfecting station. It was referred to the Committee on Quarantine.

President Smith said he had spoken to Mr. Suhr about the arrival of the Belgic. The latter suggested, if the Belgic arrived under the same conditions as the Rio Janeiro, that it would be a good plan to moor her at the Mail wharf, and to quarantine her there.

President Smith reported that all the Government physicians had asked to be re-appointed, and had taken the oath, except Dr. McKibbin. He sent a letter, saying that he had held his present position for thirty-four years, and that he would take no oath. President Smith said he had seen Dr. McKibbin, and had told him it was not in the option of the Board to reappoint him unless he took the oath of allegiance.

Mr. Lansing moved that all those who asked to be re-commissioned, have their new papers issued to them on the approval of the Minister of the interior. Carried.

President Smith said that Dr. Hatzipoulos had been notified to attend, but was not present.

Dr. Oliver applied for a week's leave of absence. Granted.

Letters were read from Mr. Meyers, the superintendent of the leper settlement. They contain nothing of any special importance, beyond a record of the daily doings of the unfortunate and their needs.

An application from Dr. F. M. Gardner, of Riverside, Cal., for a position as Government physician was read. It was placed on file.

An application from E. H. Requena was read, to be appointed superintendent of the insane asylum. E. C. Aldrich made application for a position as clerk, under the Government.

James Berry renewed his application for the superintendency of the asylum.

## JAPANESE ON STRIKE.

Ewa Laborers Refuse to Attend to Their Work.

## THEY WANTED LENNOX DISCHARGED.

The Policeman Sits on His Steps All Night with a Shotgun and Keeps the Japanese from Assaulting Him—The Affair is Amicably Settled at Last.

[From Thursday's Daily.]

There was an incipient riot at Ewa plantation yesterday, but by five o'clock it was all settled, and the men will go to work peacefully enough this morning.

The trouble began Tuesday. Five men were taken out of the field, and put to work in the mill, where the hour to quit work is half past five, instead of half past four, as in the field. When half past four came, these five independent gentlemen quit work, and started to go home. When ordered to return, four did so, but the fifth remained obdurate.

The plantation policeman, Lennox, seized the man's effects, including a bottle which had held tea, and forced him to return to the mill. On the way the Japanese said he would go peacefully, and that his strike was over. Lennox then gave him his goods, when the fellow immediately attacked the policeman, striking him on the head with the bottle and breaking the latter. They grappled, and the Japanese was overpowered, but not before he was considerably used up by Lennox's blows.

During the evening several hundred laborers called on Manager Lowrie and demanded the discharge of Lennox. Mr. Lowrie would not accede to this demand, but told the men that if they would appoint a few of their number, he would ask the Japanese authorities to meet them, and the whole matter could be talked over. The men refused to go to work yesterday, however.

All of Tuesday night the Japanese laid in wait for Lennox. The latter found out that he was in danger, but he was not phased at all by the discovery. He got a double-barreled shotgun, loaded it with buckshot, laid it across his knee, and sat on his door-step all night. The laborers came up in little and in big crowds, gazed at the stalwart policeman, gazed at the gun, and went home.

Yesterday Mr. Lowrie came to Honolulu to see Consul Fujii. He returned on the afternoon train, together with Deputy Marshal Brown, Captain Parker, Mr. Nacayama, K. Okkots, and C. A. Doyle, the interpreter. The party had quite a long conference with the laborers, and the result was that they agreed to go to work. The party stayed at Ewa all night, but will return this morning.

## Cured of Scrofula

The People will have Hood's

Mr. Dorman's Experience  
"My boy, now 9 years old, had Scrofula in one eye from the time he was a baby; discharging all the time. Of late we have been giving him Hood's Sarsaparilla, and it has done all that medicine can do. The Scrofula has disappeared, and his eye is healed up and well."

## Hood's Cures

fully believe Hood's Sarsaparilla is the best medicine in the market. I keep a general store, and it is not a trick to sell Hood's Sarsaparilla for the people will have it. I sell more of Hood's Sarsaparilla than all other medicines together and the store would not be complete without it. My wife has also been entirely cured of Scrofula by Hood's Sarsaparilla, and I am heartily thankful for what it has done for us." JOHN DORMAN, Shy Beaver, Pa.

## Hood's Sarsaparilla Cures

without it. My wife has also been entirely cured of Scrofula by Hood's Sarsaparilla, and I am heartily thankful for what it has done for us." JOHN DORMAN, Shy Beaver, Pa.

## "Disfigured For Life"

Is the despairing cry of thousands afflicted with unsightly skin diseases. Do you realize what this disfiguration means to sensitive souls? It means isolation, seclusion. It is a bar to social and business success. Do you wonder that despair seizes upon these sufferers when

Doctors fail, Standard remedies fail, And nostrums prove worse than useless? Skin diseases are most obstinate to cure or even relieve.

It is easy to claim to cure them, but quite another thing to do so.

## CUTICURA REMEDIES

Have earned the right to be called Skin Specifics—

Because for years they have met with most remarkable success.

There are cases that they cannot cure, but they are few indeed.

It is no long-drawn-out, expensive experiment.

25c. invested in a tablet of CUTICURA SOAP

Will prove most convincing.

In short, CUTICURA WORKS WONDERS

And its cures are simply marvellous. Now is the time

To take CUTICURA.

CURES made in season

Are permanent.

Sold throughout the world. Price, CUTICURA, 50c.; SOAP, 25c.; RESOLVENT, \$1. BENSON SMITH & CO., Honolulu, H. I.

25c. ALL ABOUT THE BLOOD, SKIN, SCALP, AND HAIR, post-free.

## DR. J. COLLIS BROWNE'S CHLORODYNE

Original and Only Genuine.

COUGHS, COLDS, ASTHMA, BRONCHITIS.

IS THE GREAT SPECIFIC FOR DIARRHŒA, DYSENTERY, CHOLERA.

DR. J. COLLIS BROWNE'S CHLORODYNE. The GENERAL BOARD of HEALTH, London, REPORT that it ACTS as a CHARM, one dose generally sufficient.

DR. J. COLLIS BROWNE'S CHLORODYNE. Rapidly cures short attacks of EPILEPSY, SPASMS, COLIC, PALPITATION, HYSTERIA.

IMPORTANT CAUTION.—The IM-MENSE SALE of this REMEDY has given rise to many UNSCRUPULOUS IMITATIONS. N.B.—Every bottle of GENUINE CHLORODYNE bears on the Government stamp the name of the inventor—DR. J. COLLIS BROWNE. Sold in bottles, 1s. 1/6, 2s. 6d. and 4s. 6d., by all Chemists. SUCH HAVE PATENTED—J. T. DAVENPORT 33 Great Russell Street, London, W. C. 1498-14

DR. J. COLLIS BROWNE'S CHLORODYNE is the TRUE PALLIATIVE for NEURALGIA, GOUT, CANCER, TOOTHACHE, RHEUMATISM.
